Mohs: Day of Surgery Guidelines

1. Plan to spend 3-4 hours in the office for your Mohs procedure
2. You can drive yourself to and from the office unless you will be taking any type of pre-op sedative prior or if your surgery site may affect your driving
3. You will be able to eat and drink as normal and take your normal medications **except for those listed:**
4. *****IF YOU ARE ON COUMADIN, DO NOT STOP TAKING IT*****
5. Please wash the area well and do not apply any lotion, creams or makeup
6. Plan to stay in town at least until your stitches are removed, 1-2 weeks depending on location
7. Do not plan any physical activities for at least 48 hours after the surgery
8. No weight lifting, aerobics, running, golf, tennis, swimming etc is allowed while sutures are in place
9. **Due to limited space in our waiting room, we ask that you do not bring more than one person to join you at your appointment.**
10. The lesion and adjacent surrounding area will be numbed with a local anesthetic. The physician will take a small section of the tissue and bring it to our in house lab where the tissue will be processed and placed on a slide. The surgeon will examine the tissue under a microscope to ensure the entire tumor has been removed. If positive margins remain, the physician will repeat the process until the entire tumor has been removed and margins are clear. Depending on the size of the defect, sutures may be required to repair the area.
11. You will leave the office with a bulky bandage that is to stay on and dry for 24 hours.
12. Wound care will be explained by the nurse before you leave the office.
13. Risk and side effects include, but not limited to: bleeding (which will be stopped in the office), scarring and discoloration (the area will be red initially and fade to a white color that normally occurs with scarring) and possible nerve damage (due to injuring the sensory nerves in the tissue, which normally gets better with time).
14. One week prior to your appointment, you may receive a call from our billing department with any payment details that will be due at the time of service.

Financial Policy

Payment is required for all services at the time they are rendered. **An estimate of ALL co-payments, deductibles, co-insurances not covered by your insurance carrier will be collected up front and due on the date of service.** Failure on our part to collect these from patients may be considered insurance fraud.

When calling to confirm your appointment, we will notify you of the amount due at the time of service – this is only an ESTIMATE. Due to the possible extensive nature of some dermatologic procedures, there may be instances where additional procedures may be necessary in order to fully remove or treat your condition and/or lesion. This would result in additional fees.

To provide the best care possible, Dermatologic Surgery of the Carolinas may, on occasion, send specimens to an outside source for processing. Examples of these services are pathology and laboratory testing. Should we send a specimen to other providers, you will receive a separate billing statement from the outside pathologist and/or laboratory; these charges will be in addition to those services rendered by Dermatologic Surgery of the Carolinas.

We accept payment in the form of **cash, check, Visa, MasterCard, Amex and Care Credit.** **Effective 5/05/2026, all credit card transactions will be charged a 3% processing fee.** In the event that your account must be turned over to collections, a \$25.00 collection fee will be added to your account. There is a \$30 fee for any returned check. Your signature below signifies your understanding and willingness to comply with this policy.

I have read and understand this financial policy statement. I agree to make in-full prompt payment to Dermatologic Surgery of the Carolinas when billed for any and all charges not covered or paid by valid insurance benefits for and in consideration of services rendered.

In addition to the above, if I am a Medicare patient, I authorize any holder of medical or other information about me to release to the Social Security Administration and Center for Medicare and Medicaid Services, or its intermediaries or carrier, any information needed for this or a related Medicare claim. I permit a copy of this authorization to be used in place of the original, and request payment of medical insurance benefits either to myself or to the party who accepts assignment. Regulations pertaining to Medicare assignment of benefits apply.
